description:

SANTA MARIA DISTRICT: Flamenco, history and religion. It is a neighborhood of the historic center of the city of Cádiz, a place of narrow, winding streets, whitewashed walls, balconies with geraniums, where art runs through each of its streets. It is said that flamenco was born there. IN IT IS OUR HOUSE, in one of those streets. Magnificent LOFT, on a second floor with a LOT OF LIGHT, kitchen and living room share spaces, separated by a wide bar, and illuminated by a balcony whose view leads to the cathedral and in front we can see a piece of the Atlantic Ocean. The very spacious room type suite, with built-in wardrobe, has two large windows, and a full bathroom next to it. CHARACTERISTICS: windows with double glazing, marble floor, air conditioning, natural gas, video intercom. The apartment is sold fully furnished and equipped with full kitchen, EXCELLENT AS INVESTMENT thanks to its location and its unbeatable condition since the building and the house itself, have a comprehensive reform made only 10 years ago.
